

Guidelines For Attending Childcare at Repsol Sport Centre

Steps Prior to Arriving to Childcare For Parents

- Staff must ask parents to check their children's temperature daily before coming to Child Care. This is a requirement and will be posted with guidelines.
- Regular Temperature is:
 - Mouth: 35.5–37.5°C (95.9–99.5°F)
 - Underarm: 36.5–37.5°C (97.7–99.5°F)
 - Ear (not recommended in infants): 35.8–38.0°C (96.4–100.4°F)
- Parent/Guardian dropping off child must fill out the screening tool every arrival. Staff must review to ensure child is safe to enter.
- If a child starts to become sick while in care, the child must be isolated and parents called to pick up their child (same as current protocol).
- If any child tests positive for Covid-19, childcare must be shut down for 72 hours and a thorough deep clean is done.
- Please ensure you have reviewed our Repsol Sport Centre Playbook located on our website to understand all of our protocols.
- Please also review the Child Care webpage for rules and guidelines.

Drop Off

- Parents and children are to wear masks. (not if under 2 years)
- **NEW:** Parents are to take their children into Child Care. There will be social distance spots identified in the hallway outside. Staff will be supervising the drop off and sign in process to allow for proper distancing.
- It must be documented who drops off child. Same sign in and sign out procedures are required.
- No late drop offs allowed.

Best Practices

- Toys will be sorted out prior to children coming in, so that toys will have the least amount of share points amongst children. Ex. Cups of pens/pencils etc.
- Children to wash hands after playing with toy before moving to next toy if possible.
- No hugs, no games that involve touching if possible.
- Staff will wear masks when toileting, assisting with feeding or holding a baby. Please note we will not be changing diapers or changing soiled clothes, we will be calling parents to assist.
- Children to bring their own food (no nuts) and all containers must be labelled. Food cannot go in the fridge so must be able to be at room temperature for 2 hours. Physical distancing when eating snacks will be enforced.

Pick up

- Hand sanitizer is available.
- Masks must be worn by parents to enter Child Care.
- Please sign out.
- Please social distance while leaving Child Care.
- If a parent has any feedback they can email montgomery@repsolsport.com
